 @VishrutPathak

 /Vishrut-Pathak

### SKILLS

- ❖ Core Java
- ❖ DSA
- ❖ HTML, CSS, Javascript

### EDUCATION

- ❖ Internet of Things (IOT) | Samrat Ashok Technological Institute  
(Expected Graduation: 2025 )
- ❖ XII (CBSE) | First Step Higher Secondary School

### EXPERIENCE

- ❖ Intern | InternPe (May 22, 2023 – June 18, 2023)

I worked as a Java Programming Intern at InternPe, where I developed Java applications using Core Java, OOP, Collections, and Data Structures. Through hands-on projects and mentorship, I enhanced my backend development skills and gained practical experience in software development.

### ACADEMIC PROJECTS

- ❖ **Smart Door Lock System Using Fingerprint & Voice Command**

The Smart Door Lock System integrates **fingerprint authentication** and **voice commands** for enhanced security. It features a **fingerprint sensor, voice module, buzzer alerts, and optional Bluetooth**, all controlled by a microcontroller, ensuring secure and convenient smart home access.

### ACHIEVEMENTS / HOBBIES

- **5G & IoT Builder Program** – Successfully completed an 80-hour online program by FITT-ITD (Jan 15, 2024 – Mar 15, 2024).
- **Android Development Workshop** – Secured **1st position** in a workshop organized by the **Cybersecurity and Coding Club (Sep 20, 2022 – Sep 30, 2022)**.
- **Technology & Coding** – Interested in Java, web development, and IoT projects.
- **Learning & Upskilling** – Constantly exploring new programming concepts and technologies.
